Welcome to the 15th print edition of Fourwall Magazine as we release our first print edition in 2024. The cover page of this edition features Aghogho Tracy Okitavwota, ex beauty queen and founder of ATO foundation and Amb. (DR) Nsikak Brendan, Founder/CEO, Brendance and Crusader LTD. These personalities represent 'FEARLESS' this edition is tagged. Being a part of something bigger than yourself can mean taking for granted the special elements of it that no one else gets to see but you and the other people involved. The behind-the-scenes, the machinery under the stage, the levers and pulleys and trick doors.

To many, Fourwall Magazine has strived to contribute to the growth of the modeling industry in Nigeria and beyond by promoting models in both local and international spheres of life, pageantry, modeling agencies and brands; and by every measurable standard, has been immensely successful. And that's great — that's what we strive for, the successful presentation of all the hard work, of a streamlined creative process that produces results.

We've come a long way, but I'd like to think that we carry the seed of that initial idea in most of the things we do, in how we have created a big platform for models, how we have created ways for models to promote themselves and been seen. Have

PUBLISHER'S NOTE

we been open and honest? Have we kept away from being trite? We hope so. We keep trying.

In my mind, the most apt word to come from this exercise is "evolving." FOURWALL's growing up, and we don't want to get stale, but we do want to get a bit wiser. Our arms, ears and eyes are open, we'd love to hear what you have to say. Until then, thanks for sticking around and we hope you enjoy this edition.

PAGEANTRY AS A LAUNCHPAD TO ACHIEVING DIVERSE CAREER SUCCESSES

By Paul Nwido

In the glimmering world of pageantry, beauty isn't the only currency; it's a Launchpad to a myriad of career opportunities. Beyond the stage lights and Majestic gowns lies a journey of empowerment, personal growth, and professional triumphs.

Pageantry has long been synonymous with beauty, but its true essence lies in its transformative power. It's not just about winning a crown; it's about unlocking the potential within and paving the way for a future filled with diverse career successes.

So for clarity sake here are my points for better understanding;

1. Redefining Beauty: Gone are the days when pageants were solely about physical

appearance. Today, contestants are celebrated for their intelligence, talent, and social impact. Pageantry has evolved into a celebration of inner beauty and strength, laying the groundwork for contestants to pursue diverse career paths.

2. Skills for Success: Behind the scenes, pageant contestants undergo rigorous training in public speaking, poise, and self-presentation. These skills are not just for the stage; they are invaluable assets in the professional world. From boardrooms to ballrooms, pageant alumni carry themselves with confidence and grace, commanding attention and respect wherever they go.

3. Career Trajectories: The journey doesn't end with the crown. For many pageant winners, it's just the beginning. From modeling contracts to acting gigs, entrepreneurship ventures to philanthropic endeavors, pageant queens embark on diverse career trajectories. Their titles serve as a springboard to success, opening doors to opportunities that span across industries and continents.

4. Overcoming Obstacles: Transitioning from pageantry to a new career path is not without its challenges. Yet, pageant winners are no strangers to adversity. With resilience and determination, they navigate the ups and downs of the professional world, overcoming obstacles and emerging stronger than ever before.

5. Making a Difference: Beyond their individual successes, pageant winners are making a difference in the world. Through their advocacy work, philanthropic initiatives, and social impact projects, they use their platforms to effect positive change and inspire others to do the same. Whether it's raising awareness for important causes or championing diversity and inclusion, pageant queens are leading by example and leaving an indelible mark on society.

In Conclusion, Pageantry is more than a beauty contest; it's a gateway to a world of endless possibilities. As we celebrate the achievements of pageant queens, let us recognize the profound impact they have on shaping our perceptions of beauty, success, and empowerment. From the runway to the boardroom, pageantry is a testament to the limitless potential that lies within each and every one of us.

As the curtain falls on another pageant season, let us remember that true beauty transcends the superficial and shines brightest when coupled with purpose and passion. Pageantry may be the starting point, but the journey to achieving diverse career successes is one that knows no bounds. So here's to the pageant

I would say that it was my personality and composure that stood me out from the other contestants.

AT WHAT POINT DID U DECIDE YOU WANTED TO GO INTO MODELING?

You know, I've always been fascinated by fashion and the art of photography. I remember flipping through magazines as a kid and being captivated by the beautiful models and stunning editorials. It was around that time that I started dreaming about being a model myself. As I got older, my passion for fashion and modeling only grew stronger, and I knew deep down that it was something I wanted to pursue. So, I took a leap of faith and here I am, living my dream as a model.

WHAT WAS YOUR BIGGEST FEAR IN PURSUING MODELING AS A CAREER?

Like any career path, pursuing modeling definitely has its challenges and uncertainties. One of my biggest fears was probably the fear of rejection. The fashion industry can be quite competitive, and there are so many talented models out there. I was afraid of not being accepted or not getting the opportunities I hoped for. But I realized that fear shouldn't hold me back from going after what I love. I embraced the mindset that every "no" brings me closer to a "yes," and I've learned to keep pushing forward and staying positive. It's all about believing in yourself and embracing the journey, no matter what challenges may come your way.

WHAT WOULD YOU SAY HAS BEEN YOUR GREATEST ACCOMPLISHMENT SO FAR?

My Foundation ATO FOUNDATION

WHAT'S YOUR GO TO FOR A NORMAL LOOK?

For a normal look, I usually go for a natural, minimalistic style. I like to keep my makeup light and fresh, focusing on enhancing my features rather than going for a bold look. As for my outfit, I love a simple yet stylish ensemble like a classic white t-shirt paired with jeans and sneakers. It's all about embracing my natural beauty and feeling comfortable in my own skin.

WHAT IS YOUR TAKE ON NIGERIA MODELING INDUSTRY?

The modeling industry in Nigeria is absolutely thriving! It's filled with so much talent, diversity, and creativity. Nigerian models have been making waves both locally and internationally, representing the beauty and uniqueness of our country. The industry has grown tremendously over the years, providing opportunities for aspiring models to showcase their skills and make a name for themselves. It's truly inspiring to see how Nigerian models are breaking barriers and redefining beauty standards. I'm proud to be a part of such a vibrant and dynamic modeling industry.

ATO FOUNDATION was gotten from my Name Aghogho Tracy Okitavwota, ATO foundation has always been in my heart and it was birthed to life in April 2023, we are officially registered and recognized by CAC. Before the birth of my foundation I have been an advocate for education. I have visited different schools in Lagos (rural areas) with the support of CRIMMD library. Right now am continuing the project I started 2019 which was tagged "READERS ARE LEADERS"

January 31st 2024 we visited 3 schools in Lagos state;

- *Ajegunle Nursery and Primary school
- *Ibafon Nursery and Primary school
- *Alakota Nursery and Primary school

Each school we visited, we talked about the importance of reading and encouraging students to cultivate reading culture, enlightened the importance of reading and to harness the beauty that comes with education. Just like Nelson Mandela would say "Education is the Most powerful weapon which you can use to change the world". We visited each school with notebooks, reading materials, Pencils, Biro, eraser, sharpener, Rulers, Water cans, school bags, Tote bags for teachers and Notebooks, we also had side attraction which was Reading competition where each selected students were given the opportunity to read and the winners were given a carton of indomie, school bag, notebooks and reading materials.

ATO foundation will be known to be a foundation which specializes on children and women. Community outreach, Educational Drive? Mental health awareness and Hygiene.

SETTING A NEW GOAL FOR THE YEAR

By Evans Anogwu

WHAT IS GOAL SETTING?

Goal Setting: This is the process of defining a specific, measurable and relevant task that is achievable within the speculated period. Another would say **GOAL SETTING** is making a firm decision and standing by it, whichever way, all is correct.

For example, you have noticed that spend recklessly and want to curtail it, now! the goal would be to start a fund management by saving certain amount daily, weekly or monthly.

$200 \times 1 = \#200$

$200 \times 7 = \#1400$

$200 \times 30 = \#6000$

$200 \times 365 \text{days} = \#73000$, you can get a Piggy bank or join the "Ajo" group monthly saving.

Example 2.... as a student, you possibly set a goal that will enhance your studies more.

By spending more time in studying, learning new things daily, having good knowledge of your strengths and weakness in relation to your exam's preparations.

Hanging out with friends who are in same field as you and are brighter and better.

Committing resources into its actualization.

But since goal setting is peculiar to every individual, it should be **SMART** (Specific, Measurable, Achievable, Relevant and Time-Bound) so you can easily track your progress and become a better version of yourself.

Now that we have known what goal setting is, lets go ahead and explain in terms the word 'Smart'.

- **Specific:** Here you have identified and defined the goal, you must be exact since you already know what you want.
- **Measurable:** after identifying your specific goal, the next thing is to define and set a reachable time, how long do u want to attain this goal?
- **Achievable:** You have a target, work in progress and you must get there.
- **Relevant:** Your goal must be important and something worth trying.
- **Time-Bound:** execution, this goal should be achieved within the speculated time.

Goals are either be short or long termed depending on individual.

Short term goals: this can be achieved quarterly, annually.... e.g. piggybank, studying for a particular exam.

Long term goals: this can take a longer period of time. E.g. investments, insurance.

Possible goals everyone would want to set

EXCLUSIVE INTERVIEW WITH QUEEN JESSICA MUNACHIMSO DYNAMIC AFRICA QUEEN 2023

HOW DOES IT FEEL EMERGING DYNAMIC AFRICAN QUEEN?

Emerging as the dynamic African queen was a dream come true for me especially growing up as a little girl watching the grace of so many other beauty queens on silverbird television and playing with dolls and tulle, wishing that someday it would be on me on that stage. Here I am now, but it has nonetheless been a journey of patience and persistence. This is not the first pageant I have gone for, but this one in particular tried me in many ways. I learnt a lot of new things, met many people who have inspired the queen I am today. Pageantry for one is not about the wares, sashes and all that fluff but about standing poised and polished especially on days when your world is caving.

TELL US ABOUT YOURSELF?

Am Jessica James munachimso, I was born in the family of six, am

the second daughter in my family. Am a student nurse, a fashion designer and like you all know a model. You only have to define me with three words; beautiful, intelligent and hardworking, I'm a girl who believes in consistency and Time; A humanitarian. I believe in the beauty of dreams and aspiration. And one more thing, they won't be a day you see me without smiling, I love smiling... And most importantly I love Cakes and abacha (popularly known as African salad).

WHAT WERE THE CHALLENGES YOU FACED DURING THE CONTEST AND HOW YOU OVERCAME THEM?

The zeal to believe in myself; seeing other beautiful ladies looking spick and span. I had to remind myself every day that I am enough, a queen and more than capable of achieving whatever I put my mind to. I have to cultivate that self-belief every single day. Like the saying goes "courageous people feel fear, but they are able to manage and overcome their fear so that it does not stop them from moving through it.

WHAT WOULD YOU SAY STOOD YOU OUT FROM OTHER CONTESTANTS?

Although each of the girls is more than worthy of that title and wonderfully made; what sets me apart is my uniqueness, my ability to stand out, my eloquence, zeal and work ethic.

HOW WAS THE BONDING WITH OTHER CONTESTANTS?

OMG! Am proud to say that with the interaction with the beautiful ladies, I was able to learn a lot of things; we shared experiences, some girls coming from different countries were able to share their stories with me unfiltered. In fact, I don't call them contestants, I would rather call them sisters, I must say I am so grateful to God that I was able to train some of them in catwalk, that's what sisters do for each other right? My bonding with them was so amazing, let me confess that am totally missing many of them though am still in contact with a few and am so grateful to each of them for coming into my life that period.

WHAT WAS YOUR BEST MOMENTS DURING THE PAGEANT?

The time we shared together, most especially the time were asked to showcase our talents.

WHAT MOTIVATED YOU TO CONTEST IN THIS PAGEANT?

My determination to make things right; to advocate for those who could not speak for themselves. I believe that through this pageant I was able to raise my voice and help people in little ways I can.

HOW LONG HAVE YOU BEEN IN MODELING?

For about 3 years now and counting.

HOW HAS WINNING THIS PAGEANT IMPACTED IN YOUR LIFE?

Like Rose Kennedy would say life isn't a matter of milestones but it's moments.

I was able to learn and understand the important things I should know about pageantry all thanks to the manager and CEO of the brand. I was able to understand through pageant we can be assertive and work towards our dreams, changing the world through one act at a time.

HOW HAS THE JOURNEY OF BEING A QUEEN BEEN SO FAR?

It's not easy I would say; I faced quite a number of challenges, trying to balance my crown, side hustle, studies and other things. I got admission same year I was crowned, so balancing my pageant journey with academics is the main challenge right now. The course am studying in school requires my full attention, so it's been a journey learning how to multitask whenever & balance my roles as a queen and a student. I give God thanks for the resilience and wisdom he has granted me thus far.

WHO IS YOUR ROLE MODEL?

WOAH! My mom to the world! (Smiles). My mom is so intelligent, well-mannered and cultured. Her personality always shines through the smaller conversation. I am solely grateful for having a presence like hers in my life. Mom is the strongest woman I've ever seen in my life. She would always motivate and inspire me to do more. Her favorite saying "think, talk, act and feel like a winner even its you're not there yet" mom I love you from the bottom of my heart and thank you for always being there.

WHAT DOES THIS SASH AND CROWN SYMBOLIZE TO YOU?

The crown sitting on my head symbolizes CONFIDENCE, DISCIPLINE and CONSISTENCY. My sash speaks about my INTELLIGENCE and BEAUTY

WHICH BRAND ARE YOU LOOKING FORWARD TO WORK WITH?

I want to work with indigenous fashion brands. To promote African fashion and culture& also to showcase and express my creativity as long as they (brands) are talented and open to work with. I am a lover of Ankara fabric especially. I strongly believe if am giving the chance I can send messages to the world through fashion and creativity.

WHERE DO YOU SEE YOURSELF IN THE NEXT 5 YEARS?

I believe and I am certain that in the next 5 years I will have achieved all I worked for be it academically, professionally etc. Seeing myself becoming my own boss, owning a big fashion brand as a fashion designer. Promoting self and proper health care as a Nurse and inspiring and motivating the world through actions and words.

ANY ADVICE TO THOSE ASPIRING TO BECOME BEAUTY QUEEN?

Go for it Girl! As long as you know what and where you are going, I am assuring you that you will not regret it. But dreams and talents are never enough, you must put in the work, make that difference and give your very best. Like I would always say "NEVER BACK DOWN UNTIL IT'S DONE"

YOU NEED JESUS!

Dear Friends,

I have a very important question for you. Your response to it will determine where you will spend eternity. The great question is: What is your relationship with Jesus? Perhaps you wonder what is so special about the man called Jesus that should make you to be one with Him. Let me tell you a few:

In proverbs 14:12, the bible says "there is a way that seemeth good unto a man, but the end is perdition" (eternal destruction). Any way you are walking upon, or whatever men make you do in the name of God or religion, if it will not bring you into a personal relationship with Jesus Christ, it is way of death. This is because Jesus himself said in the bible, "I am the way, the truth, and the life; no man cometh unto the father but by me" (John 14:6). Moreover, the Bible says in Eccl. 12:14 "For God will bring every work into judgement with every secret thing, whether it be good or whether it be evil"

Dear reader, there is something interesting about God's judgement. He will not judge any man directly. He has handed over the great task to His only begotten Son, JESUS CHRIST. Hear the Bible: "For the father judgeth no man, but hath committed all judgement unto the son, that all men should honor the son, even as they honor the father. He who

honoureth not the son, honoureth not the Father who hath sent Him" (John 5:22-23). Now If you say you don't need Jesus, do you know what you are saying? You are dishonoring God the Father. That is why the Bible says in john 3:18 "He that believeth on Him is not condemned: but he that believeth not is condemned already for hath not believed in the name of the only begotten Son of God".

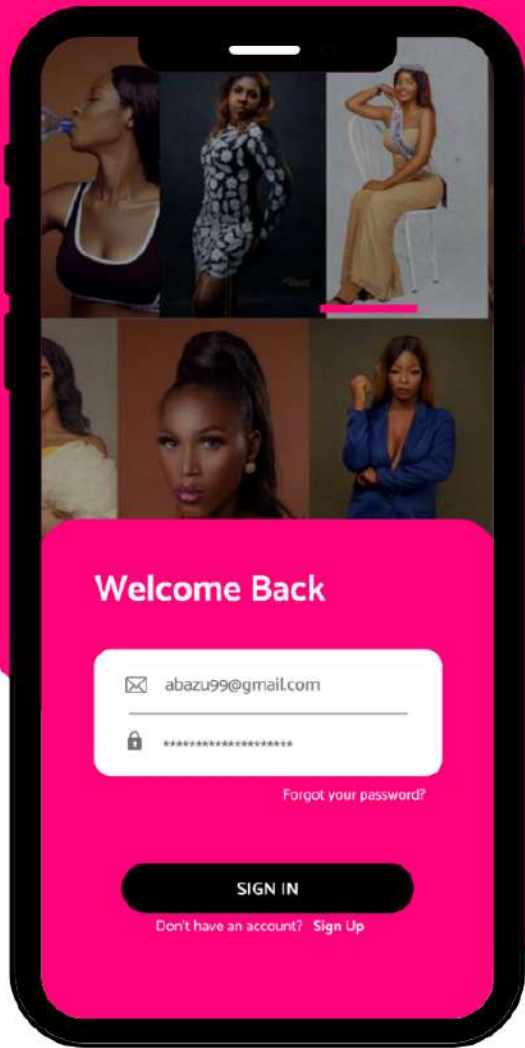

I have good news for you, however, you can move from condemnation to life, for the bible says again; "There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the spirit. For the law in Christ Jesus hath made me free from the law of sin and death" (Romans 8:1-2) which means: it is impossible to be free from sin and eternal death by our own efforts.

Only Jesus can make it possible because operational in Him is a law – the law of the spirit of life. This is superior to the destructive law of sin and death. How does the law of the spirit of life operate? First, it shows you (as this leaflet is doing), that Jesus is the one who is the way, the truth and the life. (John 14:6).

Secondly, it makes you realize that you are a sinner who needs help, for the bible says, "All have sinned and come short of the glory of God" and "if we say have not sinned there is no truth in us" (Roman 3:23, 1 John 10:10). Thirdly, it shows you God's plan for salvation (see Roman 5:6-10). Fourth, it leaves you with the option to choose Jesus and live, or the devil and die (John 10:10).

What is your relationship with Jesus? He has paid the price of your redemption. Why then will you die in your sins? Choose you this day whom you will serve – God or the devil? All that he is asking you to do is realize that you are a sinner, confess your sins to Jesus, and ask Him to be merciful unto you. Then invite him personally into your heart as Lord and savior (Proverbs 28:13). If you sincerely do this, then you will be brought into personal relationship with Christ (John 1:12). Do it today. Don't delay. Tomorrow might be too late.
