INTERVIEW WITH NIGERIA FAST RISING ARTIST, OZULUMBA HYGINUS.

TELL US ABOUT YOYURSELF?

I'm Ozulumba Hyginus Chinaza, popularly known by my stage name Jeskelly. I'm from Enugu state in Nigeria, I'm a lover of music, who is passionate about entertainment and entertaining people. I LOVE TO SEE CROWD.

WHAT INSPIRED YOU INTO CHOOSING MUSIC AS A CAREER?

Music to me has always been part of me, because my Dad and Mum were vocalists... So I basically believe it's in the blood. Music is the only thing that can makes me forget I haven't worries. It soothes me in ways nothing else does.

DO YOU EVER SEE YOURSELF EVER DOING ANYTHING ELSE APART FROM MUSIC?

Yes aside music... I believe can handle businesses, I could become a sports man because I'm athletic in nature.

HOW DO YOU THINK 2018 HAS BEEN TREATING YOU AND YOUR CAREER?

Uhm 2019 has been very much really productive in my music career. This happens to be the year I got recognised by some Big artistes industry like Timaya who reposted my cover of his song "Kom Kom" which actually wow the audience. Dj Kaywise who announced my entry for the Orijinal competition as amongst the finalists. The likes of Dejajmasta who also reposted my Ani cover of his song and got a lot of celebrities attention, who we're even comparing the song with the original. I did a lot of covers which really went viral this year. I also dropped my first official song which had about over 600k downloads and streams. I won't say much, my next track with Eriggapaperboi drops December. You fit confirm the boy there.

WHAT HAS BEEN ONE GOAL THAT YOU HAVE HAD THIS YEAR AND HOW CLOSE ARE YOU TO REACHING IT? OR YOU ALREADY REACH IT?

One of my goals this year was getting a recognition

from Timaya and putting him on my song and any other big artiste. He actually reposted my work, one step achieved and I still have a song I would love to have him on (on God) I believe as of this same year I had Erigga on my song and that counts for something too. We made a good song, I'd like to call it a classic.

WHAT HAS BEEN THE BIGGEST SURPRISE AFTER MAKING MUSIC YOUR CAREER?

One of my biggest surprises is seeing myself where I never expected, seeing both the old and young vibing to my songs and even the covers. Seeing my Dad who never wanted me to go into music reciting my lyrics. Seeing people I don't know argue and discuss about me.

LET'S TALK ABOUT YOUR NEWEST MUSIC. WHAT WAS THE INSPIRATION FOR YOUR LATEST TRACK?

About my latest track I got my inspiration from the state of things in things in the country right now. The hunger, poverty... "poverty na Bastard" I mean to say money don too insult person. So I felt the urge to communicate or pass a message to the masses especially the youths. To never stop hustling, they should follow their mates to "chase/pursue money" so after recording the hook and verses, I had to reach out to Erriga who had a tight schedule to help deliver a wonderful verse and make the song an instance hit on one play. And to be honest, he never failed my expectations as he did justice to the beat.

ARE YOU SIGN WITH ANY RECORD LABEL OR LOOKING FORWARD TO SIGN WITH ANY?

I'm currently not signed to any record label and yes, I wouldn't mind getting signed by one of the biggest record labels although that is not a priority now. Na just my God, friends and family wey dey the push me.

WHERE DO YOU SEE YOURSELF IN THE NEXT 5 YEARS?

In the next 5 years, I believe I will be every where. I put in the long hours of work and I have good projects to always dish out, so I'm positive that I will be big.

EXCLUSIVE INTERVIEW WITH CEO SILKY HAIR, BLESSED UKAEKE

CAN WE MEET YOU?

I am Blessed ukaeke.

WE WOULD LIKE TO HEAR ABOUT YOUR INSPIRATIONS AND HOW IT ALL STARTED.

I was inspired by my friends who saw what I didn't see in myself, one of them saw my skills in cajoling people to get things done, while another saw my obvious addiction to social media and internet, in the midst of the whole self discovery thing, I had to add the two hidden talents together to give birth to a marketing platform online, hence SILKY products.

WITH THE LOTS OF CONTROVERSIES IN OUR WORLD TODAY: WHERE CYBER CRIME & FRAUDULENT PRACTICES ARE ON THE INCREASE: HOW DO YOU TEND TO STAY REAL AMONG OTHER COMPETITORS?

First of all, I stay honest to myself, I don't bite more than I can chew. Meaning I don't move products which I know I can't actually make people buy, I will say I met the right client the first time I started, by the name Glory sule. She was the first person I sold my product to and she became my mouth piece. Immediately I got the transfer statement and validity of product delivery and picture format. I began using them for marketing.

I try as much as possible to give people reasons to buy from me, by highlighting the array of products I can deliver, the fidelity our pay before service system shown in glory's bank payment statements and delivered package, and consistence time of delivery.

HOW DO PEOPLE INTERESTED IN YOUR PRODUCT ORDER FOR IT?

We are a social media marketing platform, which means we are on Whatsapp, Facebook, Instagram and occasionally popular retail outlet Jiji.

The reason why Whatsapp comes first is because it's our largest market base, our policy is to be able to meet our customers one on one, and be able to be part of their lives especially as it regards to our products. By this I mean, we would like to know what they are doing with their hair, their shoes and their social live and Whatsapp provides that platform.

HOW DID YOU GO THROUGH THE FIRST TIME TOUGH MOMENTS?

Like I said earlier, we show products and show examples of customers action and our reaction. By this I mean, we make sure we have all the trendy products any lady would want to buy in our store, we show them examples of how others have trusted us with their money and how we have paid them back with good services.

This is seen in the videos, pictures, written testimonies and voice note they send to us in appreciation for our outstanding and time conscious service.

WHAT WAS YOUR INITIAL DREAM LIKE?

Have always wanted to go into medical business line, but live and nature happened and now I help people enhance their beauty via my products.

HOW DOES YOUR DAILY BUSY SCHEDULES AFFECT YOUR RELATIONSHIP LIFE: IS IT ON THE POSITIVE SIDE OR ON THE NEGATIVE?

Hmmmm positive side tho, I try as much as possible to balance up anything I do, and I know how to do them at the right time.

WHAT ARE THE MOST CHALLENGING MOMENTS YOU TEND TO FACE IN YOUR BUSINESS?

They are a lot, but on top of that list is dealing with the ever changing desires of ladies, by this I mean, ladies would want to buy everything with same amount of money, hence trying to direct their attention to one product is the hardest task we have ever had till date.

WHAT DO YOU THINK IS YOUR EDGE OVER OTHERS WHO ARE INTO THIS KIND OF BUSINESS?

We have time, we have time for our clients and we ready to help them achieve the best possible look with the amount of money they have. Our policy at SILKY HAIR and products is to help our clients get the best look even it means saving up their funds with us, over a particular time line. Hence, we are ready to go into an Osusu format to help clients pay very expensive products.

WHAT WERE THE REACTIONS OF YOUR PARENTS TOWARDS YOUR BUSINESS INITIALLY AND HOW DO THEY FEEL NOW?

At first I told them my plans, and they were exited about it, they supported me financially, and its been love since then....

HOW CAN YOU ENCOURAGE OTHERS WHO ARE SCARED TO VENTURE INTO ANY KIND OF BUSINESS?

First you must believe in yourself, do what you love, don't do things because others are doing it. Learn on the job, never wait to acquire skills, because if you wait, you mile never stop learning, so therefore learn the basics and dive into the business. You will make mistakes but you would learn from it, because you love what you are doing.

10 TOP QUALITIES OF A MODEL.

King-Ephraim Abdullahi (Drblitz4fashion) CEO, Blitzmodelz

Truth must be told, taking up Modeling as a career is so hard and so firing. These is the grease that tends to necessitate these writeup that seeks to Educate Models and Empower them as well. In one of my Exclusive Interviews with Sugasm Fashion Magazines 2017 Series: I told them categorically that there are lots to Modeling than having Pretty Looks and Good Quality Photographs and that there are indeed lots of Stages to Modeling. Yes: no two ways about that. Series of Stages, because it's not all about having the looks of a model but striving and daring to become a perfect Model: Which begins from the stage of working on your shapes and Body Structure to fit in to get picked at every Auditions even with your God's given requirements that best fit the career, ranging from the days of learning and perfecting your catwalks with the way you lock your legs while you walk and working on your facial expressions; to the way you position your shoulders and swing and control your hands while you walk and to the most important aspect of having a good Behavioral Pattern (Ethics & Manners): because knowing how to behave as a Model is indeed Everything.

And So, Some of these Top Qualities we ought to know and have are considered below:

PASSION: Passion remains the key to success in these Most Catchy and painstaking career. Your Best approach can take you there but what keeps you there is your passion.

ACCEPTANCE: You must first of all accept yourself and accept and love what you do; no body cares about your feelings or who the hell you think you are: so amidst the daily rejections you would find yourself, you must accept yourself and Continue to dig and till soil after soil, climb mountains after mountains before touching a Speck of Success.

ATTITUDE: Beautiful Supermodels everywhere, but finding Beautiful Supermodels with Good and charming Attitude is pretty difficult. Though there are lots of misconceptions where your attitude will be misunderstood as Pride but you must be ready to be a humble soul even though it is your duty to be stay Classy and Elegant at all atimes. What about being Gentle and Elegant?

EXPECTATIONS: Too Much Expectations hurts and Kills Vibes in totality, and so, you must learn to cut down your expectations, you can't wake up one morning to start earning like one of the World's Highest Paid Model: Kendall Jenner, you Must Learn before you can Earn. While Learning get busy in building your portfolios, that is what matters most so long as these career is concerned. Interestingly, Modeling is one professional that does not need any Qualification: the only thing that qualifies you and serve as your Capital is your Looks and your Works and Passion becomes your Investments.

CONSISTENCY:

If you keep trusting the Process and remain so Sincere with your work, then you can become so Rich like the Highest Top Models or even More. With these, it becomes so easy for you to hop into the Film industry and Mark your name amidst all other Highest Paid Top Models and Actors. Invariably all hard-working and consistent Models are Actors.

MAINTAINING YOUR STAND WITH GOD:

These is expected to be the first tip to know, but even if it's not the first point, let this ring a bell in your heart that God must come first in your life and in Whatever you do because every work and career on Earth is spiritual for God is the clay and we are the Potter, He Moulds us as the works of His hands and do whatever he wishes with us, Hence, you must always pray as if it all depends on God and must always work as if it all depends on your human effort. As the Latin Men will say: "Laborare et Orare" which means to work is to pray, by these you can't get too much of them either.

ACT LIKE A KING/QUEEN You must be Royal in your own kind of fashion, act like a King or Queen to be treated as one. Be professional to the core in order to be accorded some respects as regards professionalism.

CONFIDENCE: What brings your passion into play is when you can be so confident in your Abilities. Confidence defines you and gives you an edge over others: Hence, you must have these mindsets to help you and separates you from the rest.

WORKING WITH THE RIGHT

AGENCIES: Modeling just like Educations and courses offered in the classrooms or in the Institutions needs Self Development over time: Agencies or Academies gives you those professional touches, training and grooming and also serves as your guide to help you to the Top. Remaining a Freelance Model might not help you in any way to get discovered on time, because Agencies move ahead of time to secure slots for payable jobs and offers for their Models, So you must learn to leverage on such platforms to get to the peak of your career. If you're scared of getting into the right Agencies, why not try us at Blitzmodelz?

OPPORTUNITIES: You must learn to take opportunities before you allow opportunities take you, learn to explore the internet learn more about the international markets, go for Master Classes because the industry keeps evolving and revolving over time. Sincerely the future belongs to those who see opportunities, explore them before they become obvious. It also belongs to those who believes in the powers and the beauties of their Dreams. Conclusively, let these lines serves as your watchword as you keep climbing the mountain tops of your passionale careers in order to get to the peak:

"Fame is only but a vapor, Popularity is an accident, Riches takes wings and those who cheer today may curse tomorrow: but one principal thing: only one thing endures forever which is CHARACTER". By these, we are reminded that the Heights of your Character is the Depth of your Destiny. Put that On and Keep living your Dreams!

EDUCATION

Education according to Oxford dictionary means "The process of teaching and learning". There are many forms, places and ways to acquire Education. Education is transferring of information, Ideas, Knowledge from one person to another. Is also a "developing process" and this is the part Africans are missing.

African youths are being more exposed by the day through traveling to the Western worlds for education and other purposes. But wrong information kill people faster than HIV/AIDS.

"EDUCATION IS SCAM"

This is the biggest and the most trending slogan in Nigeria today. Education is not a scam but the system of education we are still practicing in Nigeria is out dated. From 1960 till date, things have really changed but the education system have not really changed in Nigeria. The inventory of robotic technology, modern day computers, mobile phones etc was not still based on the laws of Isaac Newton, Robert Hook alone but the modern man research and mental development. Our education system is only shaping people but not developing them. No functional technical and science schools. The rich ones around prefer sending their

children abroad, paying hug amount for them to get the best education and they will come back and tell us that education is scam! People easy believe what they see or hear. We must not always blame our Government but we should try in our own little way to make things right by passing a healthy information.

The new form of education is human mental development and not just transferring of information.

THE PROCESS TO SUCCESS

KNOWLEDGE is not just power but the key to unlock many potentials. You can only get knowledge through EDUCATION and there are many forms and ways of acquiring education

Let's fight against our school system of education not education itself.

PERMANENT SPINSTERHOOD

HONORARY OR SHAMEFUL?

► *Pearl Makuochi Margaret*
CEO, Prestigious Models Nig.

This question happened to be in mind of every independent lady in our society today, whether is honorary or shameful to be in your thirties upwards and yet unmarried?

A spinster is an unmarried lady, and a permanent spinster is one who has no intentions or urges of marriage anymore.

There are main three categories of this spinsterhood, firstly, the religious women, those who have consecrated their lives to serve the lord unmarried. These may not strictly be considered spinsters since they are "married to God", their option we can say straight away is an honourable one because they have left "everything" for the sake of Christ and are commended by scripture. The second one, those forced into permanent spinsterhood by circumstances. And lastly, those who willingly decide or accept it.

Many were forced into permanent spinsterhood because no husband was coming for them. To be forced into it because of no husband is one thing and being comfortable with it is another thing, and here lies the option. Many ladies are uncomfortable with the status and sad when not married especially in this part of the world, that some couldn't accept the fact that they have passed their prime age and may be unmarried and thereby making them feel less concerned about themselves anymore. They believe a woman's success lies with a man and this is prior to the normal societal mindset of "ugwu nwaanyi bu di ya" or "mma nwaanyi bu di ya". That is, the beauty or respect of a woman is her husband. They believe that unmarried woman is nobody in the society and have no place and this makes them feel inferior and careless about themselves.

But the world is now revolving and changing into new things. This days ladies are comfortable with their status as spinster and some are proud of it and say it with boldness all these is prior to the rise in feminism in early 19th century, women have long enough be struggling to survive their subordinate nature. Today the most successful happened to be women and in this sayings of "what a man can do a woman can do it better" and "behind every successful man is a woman". Women for long now have proven to be independent from men, that's why spinsterhood is no more seen as a shameful thing this days. Some fear the suppressing behaviours of men in marriage and some are scared that, if they marry the normal work or privileges they enjoy will it still be there? Some also worry less about man and thereby pursue their career without being bordered about marriage and this makes them settle with their love and when is due other than being forced into marriage due to peer or family pressure.

As to how honourable permanent spinsterhood is? As an option ladies take in fear or contempt of marriage, it's not honourable because its contempt for God who ordained marriage and created man woman for each other. But apart from the religious

spinsterhood, it is hardly an option women these days generally take in contempt of marriage or before passing their prime?. No. But is rather an option, women are beginning to accept it, if it comes without qualm and even see it as blessing in disguise. In regard to this, it should be considered as a blessing and should be encouraged.

This encourages the feminine folks that their life or dignity is not over without marriage. Some divorced women welcome the idea of single parenthood because it clearly shows that their lives are independently and dignifiedly even without men. That instead of whining and looking for who to marry, engages in one work or the other to be independent on their own. If this is done without indulging in unrestrained immoral life (sexual immorality of any kind) it is honourary but if otherwise it is shameful and dirty and of course a sin against our creator.

There might be argument as to in old age, the pain of loneliness due to lack of marriage intimacy will torture the "never married" but nope a study has shown otherwise (Essex & Nam, 1987) it shows that permanent spinsterhood gives room to anti aging and less loneliness.

Permanent spinsterhood when lived well is honourary and admirable because at the end it does not count if you are married or not but the contributions to made to the progress of humanity. Nelson Mandela, African state man once said, "Through the ages in all countries, men and women come and go, some leave nothing behind, not even their own name, it is as if they never lived. Others leave something behind, a haunting memory of their evil deeds committed against their fellows. Every time their names are mentioned, feelings of revulsion well up in people's heart. Still others do leave something behind, the good works they did to improve the lives of all peoples." This is really what makes a person's name popular and everlasting as history will bear witness. Our female folk need to be more enlightened and rise up to the challenge of permanent spinsterhood, as this will also reveal to the men folk the need to be more responsible since they no longer hold the aces and can no more take the ladies for a ride when it comes to marriage and otherwise.

DON JAZZY, FOUNDER AND RESIDENT PRODUCER OF MAVIN RECORDS

The CEO, founder and resident producer of Mavin records is an enigmatic personality. Michael Collins Ajereh, although not a solo recording artist himself, has quickly become one of the most gifted, futuristic and prominent showbiz celebrities in Africa. In less than three years of establishing Mavin records, the genius hit music producer who has been dubbed the undisputed king of beats has changed the way Nigerians listen to music with timeless hit tunes of various genres without replicating beats and has revolutionized the industry. He has been called Africa's answer to Timbaland, another producer with flamboyant beats and a distinctive style. Forbes magazine listed him as the 36th most powerful celebrity in Africa.

Born 1982 in Umuahia, Abia state where his mother comes from and his father from Delta state Nigeria. The young Michael Collins' family relocated to Lagos where he went through primary, secondary and high school. It was in secondary school that he first acquired the moniker, Don Jazzy. His dad had a background in music business entrepreneurship and was at the fore front of veterans who worked untringly for the establishment of professional artiste management and corporate music business structures in Nigeria. Although Don Jazzy followed a conventional educational path, he very quickly developed a passion for music and started playing the drums before the age of 4. He went on to start experimenting with various instruments at a tender age, a trait that was to become the hallmark of his later career.

After his high school in 2000 with a business degree, Michael moved to the UK at the invitation of an uncle who wanted him to play the drums for his local church. Various odd jobs followed including working at McDonalds and as a security guard. Already imbued with an intimate knowledge of traditional and percussion instruments, Don Jazzy further built on his musical knowledge during his UK stint. Finding fellow kindred spirits in the likes of Solek, Kaz, JJC and The 419 squad and D'Banj who was also a member of the group. The group would spend unrelenting hours practicing, recording and performing different types of music.

In 2011 his talents got him noticed by Kanye West who signed him up as a producer on his G.O.O.D music label. He did collaboration with Jay Z and Kanye West on the production of the song Lift Off featuring Beyonce on the album, Watch the Throne which was released on the 8th of August, 2011. The producer also bagged multi-million naira endorsement deals from Multinationals such as MTN, Samsung and Loya Milk.

With over a 100 production tracks to his name, the understated genius has worked with a host of local and international celebrities. In spite of his whirlwind superstardom, Don Jazzy has never forgotten his humble beginnings and is very passionate about charitable causes.

By founding Mavin records in May 2012, the multiple award winning producers is looking to further raise the bar both domestically and internationally. With his aim of making Mavin records a production "power house of African music," he has set up a highly professional structure of business hotshots as well as musical mavericks. Buoyed by his army of Twitter followers and fans all over the globe who hinge on his every word, the prodigious 32-year-old has carved a niche for himself in the pantheon of musical greats.

LIFE AFTER BIG BROTHER

EXCLUSIVE INTERVIEW
SECTION WITH

SIR DEE

CAN WE MEET YOU?

My name is Daniel Atteh, popularly known as Sir Dee and I'm one of the Ex-Housemates from Big Brother Naija, Pepper Dem Gang, S4.

HOW WAS YOUR GROWING UP LIKE?

Growing up was really good. I was always surrounded by family and friends. We did not always have a lot of money

or everything we wanted, but there was always fun times. I grew up in a university environment so education was very important. My parents were also ministers in church so God was and still is an integral part of me.

WHAT WAS THE LIFE BEFORE BIG BROTHER?

It was typical: after NYSC I applied for my masters and got a bank job, which as you can imagine was very time consuming. But it was good.

WHAT ARE THE HIGHLIGHTS THAT HAS RAISED YOU TO STARDOM?

Wow, this one should be simple: Big Brother. Being selected out of hundreds of thousands applicants, getting into the house, being myself and even the journey outside the house. It has been really phenomenal.

WHAT ARE THE LIFESTYLES YOU ARE RESTRICTED TO NOW?

Restricted? I'm not sure that's the word I'll use, but yes, my life is definitely different now. I can't just walk down the road to buy bread, or anything of the sort. There would always be someone to recognise me. It's certainly different and really exciting and humbling!

HOW HAVE YOU BEEN COPING WITH FAME SINCE THE SHOW ENDED?

I want to think I'm coping well. It has only been a few months but yes, doing ok.

WHAT ARE THE ENDORSEMENTS THAT HAVE COME THROUGH FOR YOU?

Oh there are a few, and most of them are documented on my social media pages. It's been so good to find companies believe in me and take me on. It humbles me honestly.

DID YOUR DAYS IN THE HOUSE AFFECT YOUR RELATIONSHIP LIFE LIKE YOU WERE SO CONSCIOUS OF GETTING COMMITTED IN THE HOUSE?

No, my days in the house did not affect my relationship. It's who I am, cameras or no, and that's just the way it is. There's no need to get committed to someone else inside or outside the house when I know I have a girlfriend, what am I looking for??

WHAT ARE THE MOST CHALLENGING MOMENTS YOU TEND TO SHY AWAY FROM KNOWING ABOUT PEOPLE'S PERCEPTION AS REGARDS BIG BROTHER?

I'm not sure I know what you mean, but I can confidently say that Big Brother as a show changed my life. Anyone can go in there and be who they want to, it's not Big Brother that is responsible for any negativity the show portrays.

WHAT DO YOU THINK WILL REMAIN AS YOUR EDGE OVER OTHER PUBLIC FIGURES IN OUR WORLD TODAY?

I genuinely care about people, especially the youth. I want to see us all grow in knowledge and life and just make the best of our talents. So I will do all in my power to invest in youths and make our generation greater.

WHAT ARE THE ATTENTIONS AND REACTIONS YOU GET FROM PEOPLE ON A DAILY BASIS AS A PUBLIC FIGURE?

The love on the streets is amazing, just amazing! Everywhere I go there's always someone that recognises me, pictures, videos, and all. It's been truly amazing, and I'm still trying to get used to it!

WHAT ADVICE DO YOU HAVE FOR THOSE WITH FEAR OF NOT MAKING IT IN LIFE?

'If at first you don't succeed, try, try, try again.'

WHAT SHOULD DEENATION AND THE WORLD BE EXPECTING FROM YOU?

Only the best! You have all invested in me one way or another, and I will not let you all down. I love you all, and continue to route for me, as I do for all of you. Thank you

HOW TO MANAGE YOUR TIME ON

SOCIAL MEDIA

Erick Qualman quoted " We don't have a choice on whether we do social media, the question is how well we do it".

Social media has undeniably become an integral part of our lives. Especially in this 21st century era. We have gotten to that point in time where we can't do without it. However, we can decide on how to make use of it for our own productivity. It is often said that it is not about how far but how well. Indeed the assertion is RIGHT.

Research has shown that youths consist of the predominant users of social media apps such as Facebook, Whatsapp, Twitter, Telegram, Instagram, Reddit among others. They prefer to hang around in the online space and most times have little or no time for offline activities that are also essential for their growth. A lady once wrote online on how she got her food burnt in the course of responding to a text message from a friend . She forgot she had a pot on fire, and only get to know when she perceived something burning, and had to run back. But before she could come in the food has already got burnt.

What does this article want to buttress?

This article is geared towards making you understand the importance of time and how you can manage it, especially on online space. Time is indeed a valuable asset to leverage on. It decides to a great extent your level of productivity in every endeavors.

Below are helpful tips on how to manage your time ONLINE

1. Be time conscious: Track your time. Designate a

time for your presence online unless if you have an online business. But even at that you must strive to manage your time as much as you can, so as to have time for other things OFFLINE.

2. Identify what you really want: Define your intentions. State why you are using any social media platform. If you don't need Facebook, don't install the app. Personally, I use social media apps in building my brand and connecting with people of like minds. So, you have to identify your INTENT.

3. Don't Engage in every post/conversation: If there's any need to scroll pass an article online that seem not to have a positive impact on you. Please don't waste your time(let it be).

Finally, you have to understand that TIME remain a great resources that can determine how far you can go in life.

Strive to manage your time as much as you can.

Good luck!

Domestic violence is violence or other abuse by one person against another in a domestic setting, such as in marriage or cohabitation. Therefore domestic violence survivors can face ongoing and challenging effects after enduring physical, mental, and emotional abuse. It can take time for a survivor to adjust to living in a safe environment, especially if a perpetrator was severely violent and/or committed the actions over an extended period of time.

Having observe this I have come to realize that the only way I can reduce domestic violence is to organize a program that will enable me discuss with people especially women on how to be economically independent thereby teaching them certain skills like sowing, knitting, decoration, bead making, shoe making and bag making

THANKS

DECIDE NOW HEAVEN/HELL

"Choose you this day." Where do you want to spend eternity? You can only answer with an action. Neglect this message and warning. Postpone your day of repentance and continue in sin. Then you have answered the question.

Eternity in hell is sure for every sinner who refuses or neglects to repent. "Choose your day" Where will spend eternity? In heaven with God? then you must repent NOW. "He that covereth his sins SHALL NOT PROSPER: but whoso confesseth and forsaketh them SHALL HAVE MERCY" (Proverbs 28:13). "Seek ye the LORD... let the wicked forsake his way and the unrighteous man his thoughts: and let him RETURN unto the LORD, and He will have mercy upon him..."

He will abundantly pardon (Isaiah 55:6-7)

You must seek the Lord. How? What does God expect you to do? You should pray to Him now, asking for forgiveness of all your sins. Don't hide or cover any of them. God sees you and He says you CANNOT, and WILL NOT prosper if you hide your sins. Repentance and confession of your sins will make you a recipient of mercy, pardon and blessings from God. Confess your sins, forsake them and turn to God because life with God in Christ is an endless hope; life without God is sin, is a hopeless end.

Do you want the abundant life that Christ gives? God is ready to give you now as you pray: "Almighty God, i pray in Jesus name that you

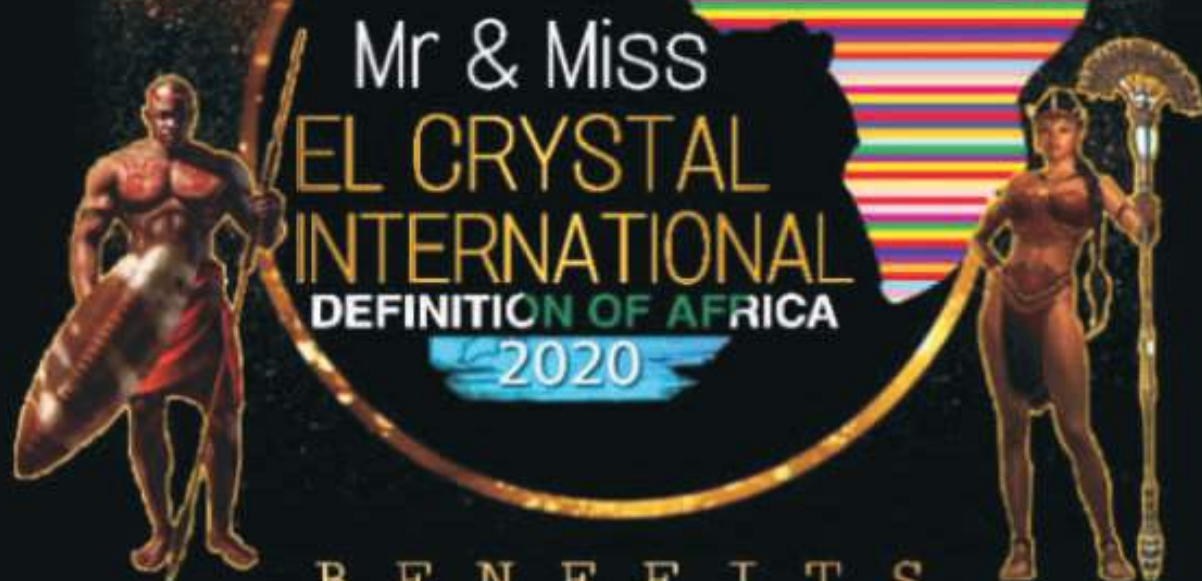

look down with mercy on me, a guilty sinner. Forgive me these my sins of... (name them one by one, don't hide any). I promise, through your grace and help, never to go back into them again. Please make me your child now, and cleanse me from all sins. I give my life to Jesus Christ and accept Him now as my personal Lord and Savior. Thank you, O God, for i believe you have answered my prayer. In Jesus Christ name i have prayed. Amen.

Do this now as urgently and as correctly as you carry out a doctor's instruction. Turn away from your all sins and decide in your heart never to go back to them. Tell God to cleanse you. He will answer immediately if you pray with faith in the atoning sacrifice of Jesus Christ. He will change your life and set your feet on the path of godliness and righteousness. Then, eternity with God in heaven will be yours.

Rememebr,
Life with God in Christ is an endless hope,
Life without God in sin is a hopeless end.
